

Pimp (feat. Pimp C & Too Short)

T.I.

Hol' up, smoke something bitch
Hol' up, Sweet Jones
Goin' down
She suck on my dick, lickin' her butt
Wife that bitch, she the neighborhood slut
You really shouldn't trust me so much
That girl love these nuts
She told me don't tell, keep it on the low (low)
I make her get down on the flo'
Show me what you workin' with, gon head twerk it bitch
Pussyhole fatter than a Benz with a body kit
I do what I please, you do what you can
She get on her knees, I won't tell her man
It's very thin line between a fuck and a date
And if ya playin' with some paper, she might scream rape
Statutory is a whole different category
We don't do babies, only grown ladies
So if you wanna get ya back knocked out
Let me hit ya in the butt and then put it in ya mouth
It's big pimpin', five or six women
Had bitches eatin' pussy wit' my dick still in it
Groupie hoes eatin' booty holes, thirty five minutes
Finished jackin' in they face, while they kiss it, (muah)
Imagine, bad bitches all over the mattress with asses like Serena, Trina, face is like Cassie
Cum so I can nut and drop and say it taste like candy, so nasty, head game way above average
On patron, dro, cocaine and a tablet, let her have it front to back
While she tossin' her salad, they call me big dick daddy
They love this wood, they say "we fucked a lot of rappers, none this good"
Ask my pussy, all I gotta say is get to it
And they don't care who there, they just do it
Like Pimp C say "give a ho no leeway, bitches do whatever we say, okay" Pimp
She got a big mouth, and she talks too much
I got a big dick, that loves to get sucked
Now what you think she gon get?
If Iduce her mouth to my dick
It's gonna be a match made in heaven, something like soul mates
We have a lot of sex, but we don't go on dates
And I can't tell the homies, I wish I could
But I can't cause the bitch is too good
I'm a firm believer, she's an overachiever
And I know when I see her
She don't stop till I skeet her

I used to like sex in the bed
Then I met them freaky girls that give me super head
Now I got everybody jammin' this song, she can get some dick even with her panties on
I'm lookin' at her pussy, she can keep it
I just want a blow job, can you keep a secret? (biiiitch!)
