

# I Can't Lose (feat. Keyone Starr)

Mark Ronson

Oh yeah, alright  
Oh yeah, all night When I met you last night, baby  
And you let me roll the dice  
You said I'd be your lucky lady  
I hit those numbers all night I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now that I found you  
Oh yeah, uuh alright  
I can turn your luck around, baby  
Ain't no hotter hand in town  
Come and stake your love on me  
Come lay it on the line  
I bet you never felt this way before  
I bet you never seen so much action on the floor  
Rollin' fever I'm on fire  
And tonight I'm going wild  
You got to be my ace in the hole I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now that I found you Oh yeah, uuh alright  
Oh yeah, uuh all night  
Oh yeah, uuh alright  
Oh yeah, uuh all night  
I can't lose, I can't lose  
When I'm 'round you  
I can't lose, I can't lose  
Now that I found you Oh yeah, alright  
Oh yeah, all night  
Oh yeah, alright  
Oh yeah, all night
