

Everyday We Lit (feat. PnB Rock)

YFN Lucci

I came up from nothing nigga you can't tell me shit
Did it on my own, check out my neck check out my wrist
I swear I ain't never expected it to be like this
Now a nigga gettin' rich I swear everyday we lit
Everyday we lit, you can't tell me shit
'Member I was broke, now I'm gettin' rich
Yeah when yo' diamonds colder than a bitch, then you know you lit
When you quick to take a nigga bitch, then you know you lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit yeah, everyday we lit
Can't wait to get that Vacheron
Put it on my arm
Just counted a 50 with my mom, yo' boy a don
All my cars came foreign, my chain glowin'
I ain't goin' man look where we came from
Uh all yo' bangers got my name on it
She want me to put my name on it
I got the hottest '16, one of the best you've ever seen
But she like it when I sing on it
I came up from nothing nigga you can't tell me shit
Did it on my own, check out my neck check out my wrist
I swear I ain't never expected it to be like this
Now a nigga gettin' rich I swear everyday we lit
Everyday we lit, you can't tell me shit
'Member I was broke, now I'm gettin' rich
Yeah when yo' diamonds colder than a bitch, then you know you lit
When you quick to take a nigga bitch, then you know you lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit yeah, everyday we lit
Can't wait to get that new drop
Put that on my block
I just copped a new Beam, put that on my Glock
I done stepped my game up, got my chains up
I swear on my niggas I won't never change up
Rollie all on my wrist, rollie all on my bitch
I ain't goin' back broke, now a nigga gettin' rich
I did it all on my own, and nobody gave me a loan
Now my diamonds on froze, now I'm fuckin' niggas' hoes

I came up from nothing nigga you can't tell me shit
Did it on my own, check out my neck check out my wrist
I swear I ain't never expected it to be like this
Now a nigga gettin' rich I swear everyday we lit
Everyday we lit, you can't tell me shit
'Member I was broke, now I'm gettin' rich
Yeah when yo' diamonds colder than a bitch, then you know you lit
When you quick to take a nigga bitch, then you know you lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit, everyday we lit
Everyday we lit yeah, everyday we lit
Yeah-yea-yea yeah
Ay say everyday we lit
You can't tell me shit
Yeah
Everyday we lit uh
Everyday we lit
Everyday we lit uh
