

# What's It Gonna Be

SWV

What's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me, babe? Wasn't it you who said  
"We'd be together always?  
I think I've been misled  
It took a while to see, but now One of us has to go  
You just can't love two, no, tell me What's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me, babe?  
What makes you think  
That you could keep me hanging on a string  
If you can't make up your mind  
I'll bow out gracefully, yeah But one of us has to go  
You can't love two, no, no, no What's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me, babe? I wanna know what's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me, babe? What's it gonna be  
I hope you can see  
It's gotta be you and me, baby  
Tell me  
What's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me? What's it gonna be  
Is it gonna be you and me?  
What's it gonna be  
Is it gonna be you and me, babe? What's it gonna be?
