

Respect My Cryppin'

Blueface

Give a fuck if he like it, but he goin' respect this cripin' (School)
Yeah alright, it's all fun and games 'til a nigga trippin'
Mop the floor, hide the west sign just to catch him slippin'
Pull up, bounce out with a briefcase, it's time to handle business
Give a fuck if he like it, but he goin' respect this cripin' (School)
Yeah alright, it's all fun and games 'til a nigga trippin'
Mop the floor, hide the west sign just to catch him slippin'
Pull up, bounce out with a briefcase, it's time to handle business
Janky baby, I just look like this, fuck a nigga mean?
Play with my respect, leave him wetter than a dream
I'll die for this shit baby, I'm a different breed
I never let the beef get cold, nigga where's the meat?
I'm an alpha male, ain't no bitch in me
Grown ass man, I feed my family
Any nigga get in my way, I'ma feed him a pedigree
I hold my own baby, never needed a nigga to stand next to me
Everybody a hot nigga 'til twelve pull up, get cold feet
Stay by myself, ain't gotta worry 'bout a nigga tellin'
Stay by myself, ain't gotta worry 'bout a nigga jealous
I don't even like workin' with niggas baby, 'cause I'm hella selfish
Big chains, pieces on pieces
That boy got on a necklace, yeah alright
Nigga talkin' out his neck 'til I leave his ass neckless
It get tricky, fuck it, nigga finna get reckless, on the gang
Give a fuck if he like it, but he goin' respect this cripin' (School)
Yeah alright, it's all fun and games 'til a nigga trippin'
Mop the floor, hide the west sign just to catch him slippin'
Pull up, bounce out with a briefcase, it's time to handle business
Give a fuck if he like it, but he goin' respect this cripin' (School)
Yeah alright, it's all fun and games 'til a nigga trippin'
Mop the floor, hide the west sign just to catch him slippin'
Pull up, bounce out with a briefcase, it's time to handle business
