Get ready for takeoff

Can't fuck with lil' shorty

She makin' my dick soft

These niggas hatin'

Said I wouldn't make it

Girl, don't you?

Don't you? Don't you? I know you [Verse 2: Yung Pinch]
Look
She want the money and the fame
Told her you gotta go
I ain't gon' give your ass a thing
She want a pot of gold
Back when I was young I had a lot of hoes
I'm talking back before I got this dough
Now I see how they rockin'
I know how you roll now
Ain't no need for talkin'
That shit gettin' old now
Left me with no option
But to keep knockin' these doors down
Left me with no option
But to keep knockin' these hoes down (hold up, wait)
Gucci down to the socks (ho yeah)
That's a beach boy, baby
Pull up to the party, shawty all up on me
Now she wanna date me
Said she wanna have my baby
I ain't know that was your lady (oh no)
I've been workin' off the clock for this shit
Did a lot for this shit
Please don't expect me just to give it up
Shorty wanna rock with the kid

I gave her cock then I dipped
Told lil mama go ahead and live it up[Chorus: Yung Pinch]
Look, I know you
You just wanna fuck me for my fame
Girl, don't you?
You just wanna fuck me for the fame
Yeah, don't you?
You just wanna fuck me for the fame
She wanna fuck me cause the diamonds on my chain
Girl, I know you
You be out here playin' all them games
Girl, don't you?
Out here fuckin' with all of them lames
Don't you? Don't you? I know you
