When I see you lickin yo lips you wanna blow on my whistle
But I got that harmonica, you can play it like Stevie
They say that pimpin ain't easy
Man it is if you be me
I see a new one every day
And they think because they jazzy and they carefree they gon talk me out my pay
Get your paper, see my game is just a little bit tighter
Pay for pussy, that's alright
I grab the smoke so pass the lighter

If I get em like ahead
I might get a slice of bread for just a minute

I get cash in duffle bags, 'cause I don't see the cake
Let em ride, get em high as I pay for cake
Drop it then I gotta go

All off in yo crib, feet up on yo shit
Instead of breakin off a hoe you out here lovin a bitch
When I give this pimpin bitch steel toe

The type of dick that run a chick some shit that she could be for
Live for, all off in yo big fold to make her heavy
She shake you off, I break it off cuz you bring it back to daddy
