

Gravity

Jessica Jarrell

I know you love the way I bounce it up and down
Got you sayin' turn that ass around
Look back at it
This booty got you higher than the clouds
Lookin' like you hittin' n on some loud,
get good with it
Gimme the high, gimme the ride
Get you inside, slippin' and slidin'
I know you love the way I bounce it up and down
Bounce it up and down
Bounce it up and down
Grab it, ratchet, smack it, good
Up and down, up on that wood
Got that ass up like I should
Drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Here you whistle when it jiggle side to side
You could make it ripple anytime, bounce a nickel off it
Booty criminal, I kill it every time
Murder is the only thing I write, get right with it
Gimme the high, gimme the ride
Get you inside, flip it and slide
Here you whistle when it jiggle side to side
Whistle if you got them dollar signs
Grab it, ratchet, smack it, good
Up and down, up on that wood
Got that ass up like I should
Drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Booty be, booty be out of this world
Houston, we have a problem
Look at that, look at that ass on that girl
Drop 'em if you got 'em
Grab it, ratchet, smack it, good
Up and down, up on that wood
Got that ass up like I should
Drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
Asses up, a-asses up, asses up

Then drop it like gravity
Asses up, a-asses up, asses up
Then drop it like gravity
