

# Everything You Need

## Slightly Stoopid

Like walkin' on the moon was such a good feeling  
Lying in bed and I'm staring at the ceiling  
Can't wake up on Monday morning  
Thinkin' about what makes me yawn and As I look outside it's raining, pouring  
Cats and dogs I wanna do no more an'  
When I gotta get up and get out my bed  
Rather sleep in late and smoke a b-load instead? Cause the harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed  
Watch where you steppin'  
? Cause you best not step on me  
I said the harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed  
Watch where you steppin'  
? Cause you best not step on me? Cause if you're ugly on the outside, it don't matter  
If you're beauty on the inside, it overpowers  
If the beauty on the outside, it won't matter  
If you're ugly on the inside, baby don't want it And if you the type of person getting no  
recognition  
Reach inside your pockets  
And then all your money missin' an'  
You wanna shoot your guns but you got no ammunition  
Open up your mind and find it's time to take a listen  
The harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed  
Watch where you steppin'  
? Cause you best not step on me I said the harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed  
Watch where you steppin'  
? Cause you best not step on me It's always hard when you're working for the other man  
Tyrin' to make a dollar with the palms of my empty hand  
It seems so easily but it never seems to last long  
Thinkin' thatcha got it for a minute then a minute's gone The harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed  
Watch where you steppin'  
? Cause you best not step on me I said the harder you try, less you succeed  
Don't try at all and get everything you need  
? Cause the harder you fall, more it's gon' bleed

Watch where you steppin?  
? Cause you best not step on me
