Yeah
Oh-ohBaby, he's the reason for the way you feelin'
I know what you need
And you can?get?it on sight?(Yeah), yeah (Yeah)
'Cause I ain't like?the others
Soon you gon' discover this that type of lovin' that can change your life, oh-ohI got all the time in the world (Huh)
No expectations at all (No)
I just want what's best for you, girl
Relieve that headache, babe
I'm your Tylenol
He don't deserve your time
Put him on the bench a while
Let me do you better
Whoa
Don't you deserve to smile?
I'ma put in overtime
Let me do you better
Better (Hey)Let me teach you the way you should be treated (Ha)
Let me do it the way, know you need it to be done
And we can wake up runnin' back and repeat it
Let me do you better, whoa-whoa (Yeah)I can see you stressin', let me be your blessin'
Baby, if you let me, I can ease your mind (Yeah), whoa, yeah
Girl, you need to face it, I ain't no replacement
I'm the better version, call me two-point-five, oh yeah yeah yeah

Let me do you better (Oh), whoa-whoaWhen you're tired of all his talk, yeah

When you want action, give me a call
'Cause baby, I can show you how
Satisfaction goes (Hey), let me show you now, whoa-oh
