[Freeway] Bounce, bounce, bounce [Beanie Sigel]

It's B Sig in the place with Young Free

And I got what it takes to rock the mic right

Still watch what you say out your mouth

Cause 50 shots still will burn the club out

[Verse 1: Freeway]

I miss the hood when I'm travelin, get neck when I'm travelin

Chicks peck wood when I'm travelin

Fuck a Lex cause the click fit good in the Caravan

Slide through your hood like a avalanche

Take a flick if you get a chance get that close

Fuck an advance, cause I get that dough

Beef with me, enemies come sleep with me for breakfast

Guaranteed to eat this toast

I'm reckless, firestarter heat your folks

A starvin artist that a eat y'all tracks, so don't bring 'em around

I be around ricans vida loca

They got all the toasters don't need no gats

I got a six stashed leave 'em around

So I don't get left around haters around when I leave

In the winter rock short sleeves reason the pound

With the heat blastin, keep actin the heat blastin

Techno Marine shinin, marine fashion backin 'em down

Dead wrong, like tryin to brawl a strong armored midget
I pull the 9 out my pocket I'm lyin
I pull the Mac out the closet, start firin
For you cats outta pocket, stop tryin
Take that, get back, clap iron
You know, stay low, keep firin, uh!
I put the led in the gat, the metal go clap
I lay cats flat on they back, stop fuckin with this radical cat
You fuck around and need a medical cat
The led'll go clap, your head'll go back, uhhh

With two heaters on the waist of me, man who's facin me?Chorus:

Big nickels down your way don't trip
Get folded down your way, got soldiers down your way
Keep quiet down your way no lip
All of y'all need to run yo'self
Go get the burna nigga bang yo'self
Or I come through with the hammer make you lose yo' health
Fast, roll with dashes, move like Cassius Clay
Move yay like caskets, there's a will there's a way
Obey my thirst move yay through traffic
Without Sprite, without Nike's
I just do it bar break your basket
Yeah you damn right, without ice
I pull up to your honey car and stuff her basket
International post player, circle the atlas
You don't wanna be hoe playas, circle the hood
Bend over backwards, without searchin for backwoodsChorus:
