

So Far So Good (feat. Talib Kweli, Common)

Skillz

[Skillz]

Uh huh, yeah, uh, uh

Whoo! It's beautiful music baby

Huh, your boy Skillz, right

My man Com from the Chi

Kweli from the BK side

Hip Hop to the day that we die So far so good with no end in sight

Lookin back on all the places I done been with this mic

Let my teachers tell it, I was supposed to be a failure

Let me tell it, I was supposed to be on stage in Australia

Went from sittin on the curb with no gear to flaunt

To havin gifts with the words, I make 'em do what I want

And I'ma stay in the front, it's easy to the kid

Y'all always in the back like Jeezy adlibs

If you fail to prepare, you preparin to fail

And it's hard to see a heaven when you livin in hell

If you lookin at it different, you'll see a way out

How you gon' see money? You can't see your way off your couch

If opportunity comes, I'ma see what its bout

You can see it in my swag, I done figured it out

If you see doubt, I'm thinkin that y'all better re-route

Cause I'ma walk these dogs till Mike Vick get out

[Hook: Skillz]

I'm thinkin I could take over the game, maybe I could

They sayin I should change and maybe I should

Baby girl I'd be with you if I could

But I'm taking over the world and it's so far so good

Uh, so far, uh, so good

Uh, so far, uh, so good

Uh, so far, uh, so good

Uh, so far so good! [Common]

We've come so far, there's so far to go

Vision of a mission, it seem impossible

Precision of a Chicago street apostle flow

Allowin me to go to places only God would know

Travel the land, witnessin the battles of man

Goin up stream with paddle in hand

Young dreams to master a plan

So I could make enough to hit my uncle Steve if he asks for a grand

It's been a journey, as far as universal laws

I'm the attorney, had to learn me

Just to burn me up, holler to the world to turn me up

As the game change y'all, I let my words re-up
It was written on the walls that success is a process
No matter how hard I fall I know it is some progress
Notches of the ladder I climb, holdin a bottle of wine
So many paths to take, I'm followin mine
[Hook][Talib Kweli]
Yeah, Talib Kweli stay in the zone, I'm leavin 'em in a phase
By now, I'm kinda used to leavin 'em so amazed
With my man Com-bred and Skillz, they know the ways
Call up Virginia Slim baby, I've come a long way from
Hoppin the train with Rubix and, now I'm
Hoppin the plane, I'm seasoned like o'bay
Purer than cocaine that's whiter than Colgate
My product harder than narcotics, I handled the whole way
Damn it I'm so straight, why you worry how my pocket looks?
Y'all just sound like y'all got pocket books, stop and look
As long as I rock it, Brooklyn is represented right
This is where the sun meet the high rise, it ain't no end in sight
I'm gonna end it right here, I'ma end the nightmares
That you have cause you sleepin and you actin type
Scared, I wake up like years, say my prayer like I should
And I've come so far cause I'm so good[Hook]
