

Running

Deitrick Haddon

your runnin
your runnin
your runnin
deep own inside you can hear gods voice
calling ou through all of the noice
telling you its time to make a choice
you know its something you cannot avoid
and your wondering why its so hard to find joy
you be feel'n fustruated, feel'n annoyed
even though you got money like Mayweather Floyd
you can't box with God I'm tell'n boy
your runnin
your runnin
runnin from you call'n
your runnin
your runnin
runnin from you call'n
ohhh yeahhhh
lift your hands and tell god yes
yessss
yessss
runnin
runnin
runnin from your calling
you remind me of Jonah the prophet
he tried to run and he couldn't stop it
he got on a ship and God tore it up
they kick him off and he got swallowed him up
even the fish had to vomit him up
when God is ready it's best to say yes
i think your ready just tell him yes
ive been there before i must confess
things are better when i told him yes
your runnin
your runnin
runnin from you call'n
your runnin
your runnin
runnin from you call'n
yesssss
runn'n
runn'n

run'n from your call'n
