

# In the New Year

## The Walkmen

Oh, I'm still living  
At the old address  
And I'm waiting on the weather  
That I know will pass I know that it's true  
It's gonna be a good year  
Out of the darkness  
And into the fire  
I tell you I love you  
And my heart's in the strangest place  
That's how it started  
And that's how it ends  
Well I know you're with me  
It's a point of pride  
And it's louder than lightning  
In this room of mine Oh, I'm just like you  
I never hear the bad news  
And I never will  
We won by a landslide  
Our troubles are over  
My sisters are married to all of my friends  
Yeah, that's how it started You took your sweet time  
And I waited by without complaint  
Til all the pipe dreams made me insane So it's all over  
It's all over anyhow  
You took your sweet time  
Finally, I opened my eyes  
My friends and my family  
They are asking of me:  
"How long will you ramble?"  
"How long did you say it would be?"  
Snow is still falling  
I'm almost home  
I'll see you in the new year
