

# It's Just Forever (feat. Alison Mosshart)

## Cage the Elephant

Gonna make you mine forever  
Never let you leave my side  
You can run, you can hide  
Girl i'm gonna make you mine It's just forever  
It's just forever Never stop until you love me  
Even if you treat me cold  
Ill love you till we decompose  
And the skin falls off our bones It's just forever  
It's just forever  
It's just forever  
It's just forever  
Forever (Ahhh)  
Forever (Ahhh)  
Forever (Ahhh)  
Ahhh Maybe we can die together  
Laying side by side  
Even in the afterlife  
Girl you'll still be mine It's just forever  
It's just forever Promise that you'll never leave me  
Promise that you'll always need me  
Bring me your hand, taste of my skin  
Give me your heart like a hole in the head  
Forever (Ahhh)  
Forever (Ahhh)  
Forever (Ahhh)  
Forever (Forever)  
Forever
