

# Bad Idea

Yuna

What is this I feel about you?  
Hoping not to make it an issue  
I don't wanna be nice at all  
You're only causing trouble,  
And you can stay if you want to And being in love with you seems like a really bad idea  
But when I'm not with you I'm wishin I could have you nearer Please do not allow me to miss  
you  
I'm tryin my best to keep my distance  
I don't wanna give you my heart  
But it seems to like you a lot  
Do you feel the same way, too?  
But being in love with you seems like a really bad idea  
But when I'm not with you I'm wishin I could have you nearer I'm never gonna, never gonna,  
never gonna Be that girl again who trust you when you're over  
And falling in love with the wrong kind of boy who will only break my heart to a million pieces  
Oh I went through it before I've had enough heartaches  
Now I'm trying be smart about it  
But you just crash in like the waves  
Now all I think about is you  
But being in love with you seems like a really bad idea  
But when I'm not with you I'm wishin I could have you nearer  
Being in love with you seems like a really bad idea  
But when I'm not with you I'm wishin I could have you nearer  
You near, you near, you near, you near  
Such bad idea  
Okay
