Into the Fire (feat. Mikky Ekko)

Clams Casino

Show me love, show me light Baby leanin' through the night 'Cause I know you have questions And I won't put up a fight Know the pain, flick the flame Yeah, I know we're not the same But I'm battling the feeling

That my body can't take, oh, ohIt's a dangerous test

And I'm making the best without you Into the fire now we go

You got me entirely exposed

'Cause you can't show love 'till you seal the light

So take me, take me right into the fire

Oh, into the fire, oh

Let it burn, let it burn

Let me learn tease it to me

Show me show me your candle

Let it burn right for me

Know I need it and I'm telling you truly

'Cause my nature is addicted to original furia, furia

Furia, furia

Furia, furia

Furia, furia

Furia, ohIt's a dangerous test And I'm making the best without you

Into the fire now we go

You got me entirely exposed

'Cause you can't show love 'till you seal the light So take me, take me right into the fire

Oh, oh into the fire

'Cause you can't show love 'till you seal the light

So take me, take me

Take me
