

Darkest Days (feat. John Rich)

Black Label Society

Divided soul of a troubled man
The final fight
The final need to understand These tangled roots
Ripped from the ground
Abandonment and worry
Forever to be found Rain, rain, rain
Take this hand of sorrow
Take away my darkest days Rain, rain, rain
Take away my darkest days
Return me for I feel they're here to say
For just one moment of peace
I long to know
I can see the storm clouds
Calling me back home The blood of the hurricane
Where the water is never still
Life is a loaded gun
Love is a bullet that sometimes kills Rain, rain, rain
Take this hand of sorrow
Take away my darkest days Rain, rain, rain
Take away my darkest days
Return me for I feel they're here to say
Take it all away
Rain, rain, rain
Take this hand of sorrow
Take away my darkest days Rain, rain, rain
Take away my darkest days
Return me for I feel they're here to say
