

# Alien

## Lamb

This was a body, now it's a home  
For you, my little alien  
I feel you moving, it's oh, so strange  
Do you like the music? Am I a happy home?  
What's it like in there?  
I'm a happy home  
I hope it's cosy in there If home's where the heart is that's where you are  
My heart is right there  
So long I've waited to be quite so occupied  
Mysterious being by you  
And I'm a happy home?  
What's it like in there?  
Yeah, I'm a happy home  
I hope it's cosy in there This was a body, now it's a home  
For you, my little alien  
I feel you moving, it's oh, so strange  
Do you like the music? And I'm a happy home?  
What's it like in there?  
Yeah, I'm a happy home  
I hope it's cosy in there  
And I'm a happy home?  
What's it like in there?  
Yeah, I'm a happy home  
I hope it's cosy in there
