

Zoe Jane

Staind

Well, I want you to notice
To notice when I'm not around
I know that your eyes see straight through me
And speak to me without a sound
And I want to hold you
Protect you from all of the things
I've already endured
And I want to show you
Show you all the things
That this life has in store for you
And I'll always love you
The way that a father
Should love his daughter
When I walked out this morning
I cried as I walked to the door
I cried about how long I'd be away for
I cried about leaving you all alone
And I want to hold you
Protect you from all of the things
I've already endured
And I want to show you
Show you all the things
That this life has in store for you
And I'll always love you
The way that a father
Should love his daughter
Sweet Zoe Jane
Sweet Zoe Jane
So I wanted to say this
Cause I wouldn't know where to begin
To explain to you what I have been through
To explain where your daddy has been
So I want to hold you
Protect you from all of the things
I've already endured
And I want to show you
Show you all the things
That this life has in store for you
And I'll always love you
The way that a father
Should love his daughter
Sweet Zoe Jane
Sweet Zoe Jane
