

Lip Gloss

Lil Mama

Yeah (it's poppin, it's poppin,)
Okay, yeah (it's poppin, it's poppin.)
I gotta ask 'em, 'cause if I don't (it's poppin, it's poppin,)
I don't know (it's poppin, it's poppin.)
Let's go
What you know bout me?
What you-what you know bout me?
What you know bout me?
What you-what you know?
They say my lip gloss is cool
My lip gloss be poppin'
I'm standin at my locker
And all the boys keep stopping
What you know bout me?
What you-What you know bout me?
What you know bout me?
What you-What you know?
They say my lip gloss is poppin'
My lip gloss is cool
All the boys keep jockin'
They chase me after school
Mac (mac) L'Oréal yep cuz im worth it
Love tha way I puts it on so perfect
Wipe the corners of my mouth so I work it
When I walk down the hallway they cant say nothing
Oh oh oh my lips so luscious
The way I spice it up with tha mac mac brushes
Lorial got the most watermelon crushes
That probally is the why these boys got crushes.
What you know bout me
What youWhat you know bout me
What you know bout meWhat you-What you know
They say my lip gloss is cool
My lip gloss be poppin
Im standin at my locker
And all the boys keep stopping
What you know bout me
What you-What you know bout me
What you know bout me
What you-What you know
They say my lip gloss is poppin
My lip gloss is cool
All the boys keep jockin

They chase me after school
When it's time for lunch My lips still rock
Lil mama melon with tha hot pink top
Cherry, vanilla, Flavors is a virtue they
Lovin, lip gloss universal
They boys really like it the girls don't speak
They rollin' they eyes
They lip gloss sheep
It ain't my fault
But I can upgrade ya
Show you how to use nice things with nice flavors What you know bout me

What you know bout me What you-What you know
They say my lip gloss is cool
My lip gloss be poppin
Im standin at my locker
And all the boys keep stopping
What you know bout me
What you-What you know bout me
What you know bout me
What you-What you know
They say my lip gloss is lip gloss is poppin

All the boys keep jockin They chase me after school
Cause my lip gloss

Sittin' in 8th period
thought I was in trouble

I stepped in her office like "Yes Ms. McClarkson?"
"She like girl ran out of my lip gloss and

cause I must admit
that bubblegum

is poppin" she aint frontin'
and uh
I be lovin it
I be I be lovin it and uh I be usin it I be I be usin it and uh
I be rubbin it I be I be rubbin it on my lips
My lips my lipgloss
What you know bout me

What you know bout me What you-What you know

They say my lip gloss is cool
My lip gloss be poppin
Im standin at my locker
And all the boys keep stopping
What you know bout me
What you-What you know bout me
What you know bout me
What you-What you know
They say my lip gloss is lip gloss is poppin
My lip gloss is cool
All the boys keep jockin
They chase me after school
