

Hey Santa

Ashanti

Hey Santa can u bring me something good
Something good. Something good.
Hey Santa can u bring me something sweet
Something sweet, something, something sweet
Like chocolate kisses or candy canes
Doe drops of butterscotch
Fruity flavored chewy rings
Hey Santa can u bring me something nice
Something nice, something nice
Hey Santa can u bring me something new
Something new, something, something new
Like a diamond bracelet or a diamond ring
How 'bout a shiny new, baby blue convertible
Hey Santa can u bring me everything
Hey Santa can I sing this song to u
Sing to u, sing to u
Hey Santa can u make my wish come true
Make it true. Make it, make it true
Fill my stocking with lots of treats
Boxes with red and green,
Underneath the Christmas tree
Hey Santa can u bring me everything
