

# The Kids Are Alright

Chloe x Halle

We don't really care about the trends you like to follow  
You know what they say, they here today and gone tomorrow

Oooh

Oooh If I'm in the mood I get as ratchet as I wanna

Turn around and show you

I could bless you with some culture

Oooh

Oooh

Workin' ain't no nine to five

California that's a vibe

Brings us, always down to ride

You know, you know that's the life

We just wanna have some fun

It's some love for everyone

Pass it 'round when you get done

That's the move yeah that's the one We all, we all, we alright

The kids are alright

We all, we alright

Yeah the kids are alright

We all, we all, we alright

The kids are alright

We all, we alright

Yeah, the kids are-

Everything is new cause we about that innovation

Call it how we see it we a genius generation

Oooh

Oooh Workin' ain't no nine to five!

California that's a vibe

We down to ride

You know, you know that's the life

We wanna have some fun

It's some love for everyone

Pass it 'round when you get done

That's the move yeah that's the one (the one) We all, we all, we alright

The kids are alright

We all, we alright

Yeah the kids are alright

We all, we all, we alright

The kids are alright

We all, we alright

Yeah the kids are-Do it while you young

Don't let them turn you numb

Don't let them get you strung  
Ooh let me put you on  
Don't listen to them lies  
Stop following the hype  
Better meditate, better namaste  
Better go and get your life We all, we all, we alright  
The kids are alright  
We all, we alright!  
Yeah the kids are alright  
We all, we all, we alright  
The kids are alright  
We all, we alright!  
Yeah the kids are-Ooh yeah, yeah, yeah, yeah (Hoh!)  
The kids are alright  
Ooh yeah, yeah, yeah yeah, yeah yeah (Hoh!)  
Yeah the kids are alright (who!)  
Ooh yeah, yeah, yeah, yeah (Hoh!)  
The kids are alright  
Ooh yeah, yeah, yeah, yeah  
Yeah the kids are alright
