

Crazy

Daniela Bessia

You got that thing that makes me crazy
I try to stay calm but you drive me crazy
The better what you see
what you can do to me
the better power better power
you get in to me
Ah ah always always
I try to leave
?pero no me puedo resistir
Oh no!

You got that thing that makes me crazy
I try to stay calm but you drive me crazy
Tu tienes eso que
que me pone asi
tan contenta si tu
si tu estas frente a mi
Tu tienes eso que
que me pone asi
Como puedo resis_
resistirme a ti
Crazy
Tu tienes eso que
que me pone asi

Crazy
You got that thing that makes me crazy..
You got that thing that makes me crazy

I try to stay calm but you drive me crazy
The better what you see
what you can do to me
the better power better power
you get in to me
Ah ah always always
I try to leave
pero no me puedo resistir

Oh no!
You got that thing that makes me crazy
I try to stay calm but you drive me crazy x5
The better what you see
what you can do to me
the better power better power
you get in to me
Ah ah always always
I try to leave
pero no me puedo resistir
Oh no!
Tu tienes eso que
que me pone asi
tan contenta si tu
si tu estas frente a mi
Tu tienes eso que

que me pone asi
Como puedo resis_
resistirme a tiTu tienes eso que
que me pone asi
tan contenta si tu
si tu estas frente a mi
Tu tienes eso que
que me pone asi
Como puedo resis_
resistirme a tiThe better what you see
what you can do to me
the better power better power
you get in to me
Ah ah always always
I try to leave
pero no me puedo resistir
Oh no!
