

# We Got That Cool (feat. Afrojack & Icona Pop)

Yves V

I wear something sweet, and it's not slimmin' my body  
It's just the beat of somethin' gettin' me higher  
I got grapes and trees, now I'm up in my zone  
'Cause this is what I came for  
Yeah I got what came for  
Four drinks down free, wait for things to get blurry  
We gon' go real deep, but we're not in a hurry  
Let's keep this real, cause we out here alone  
This is what I came for  
Yeah I got what came for Do you feel it in your body  
When I say your name  
I can give it how you want it  
Drive you insane  
'Cause I feel it in my body  
Down through my legs  
You can give it how I want it  
Oh, boy we got that cool  
We got that cool  
Oh, boy we got that cool  
Oh, boy we ain't do nothin' wrong  
We got that cool  
Oh, boy we ain't do nothin' wrong  
Oh, boy we got that cool  
We got that cool  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that Let's go part three, yeah I'm up for a refill  
We got what we need here, baby I ain't leaving  
Let's have some fun, while we're looking for meaning  
Cause this is what I came for  
Yeah I got what came for  
Do you feel it in your body  
When I say your name  
I can give it how you want it  
Drive you insane  
'Cause I feel it in my body  
Down through my legs  
You can give it how I want it Oh, boy we got that cool  
We got that cool  
Oh, boy we got that cool  
Oh, boy we ain't do nothin' wrong

We got that cool  
Oh, boy we ain't do nothin' wrong  
Oh, boy we got that cool  
We got that cool  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
We're not doing love yeah, that's not why we got here  
We just wanna feel the rush (oh, boy we got that)  
We're not going nowhere, looks like we just started  
Keep on gimme all you got (oh, boy we got that)  
We're not doing love yeah, that's not why we got here  
We just wanna feel the rush (oh, boy we got that)  
We're not going nowhere, looks like we just started  
Keep on gimme all you got  
We got that cool  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that  
Oh, boy we got that cool  
We got that cool  
Oh, boy we got that cool  
Oh, boy we ain't do nothin' wrong  
We got that cool  
Oh, boy we ain't do nothin' wrong  
Oh, boy we got that cool
