

Nobody Tell a Name (feat. Raury)

Taylor Bennett & Ludlow

[Bridge: Raury]

Yeah, uh[Hook: Raury]

You don't need to wonder if I blow

There's alot of it

On my Koji Kondo shit, on my Koji Kondo

Technicolor platinum silver golds on my front some shit

On my Koji Kondo shit, on my Koji Kondo

East Atlanta, South Chicago flows

Yeah we run this shit

Don't you even front bout it, don't you even front bout it

[Verse 1: Raury]

Throw the peace sign, this is nothing, I be high

As two-pilot propeller planes

Got hella flame for the fuckboys that sell they fame

The pigs come round', nobody tell a name

Nobody tell a name, nobody tell a name

The pigs come round', nobody tell a name[Verse 2: Taylor Bennett]

My bitch bought me a Gucci shirt

I'm turnt up like Lil Uzi Vert

Fuck with me you might get murked

My clique draped in all type of flow

For my lil' bro moves all types of work

My gang out here, my gang out there

I'm with them hoods that you can't go

Atlanta like my second home

My side bitch if we technical

[Verse 3: Raury]

No nigga this fresh you know

Dressed like a professional, turquoise on my necklace though

You be on that western coast

Always on the dash you know, sorry I ain't checking though

I'm just out in Texas though, meet and text and sex these hoes

I'm not even flexing though

It's just my confessional, it's just my confessional[Verse 4: Taylor Bennett]

How a nigga move so professional

With an extra hoe?

I'mma let you know

Getting money like I never seen a check before

Getting blessed like I've never ever stressed no more

Putting bitches on, never getting dressed no more

I don't even send a text with address no more

She just pull up at the door, I finessed that hoe

Like oowah
Young nigga savage
Posted on your backstreet
With a thick chick
She looking like an athlete
In the ave-y
Saying thick ass Ashley
I'mma pass her that
Stick like track meet
My boys don't sing
But they BackStreet[Bridge: Raury]
Yeah, uh[Hook: Raury]
You don't need to wonder if I blow
There's alot of it
On my Koji Kondo shit, on my Koji Kondo
Technicolor platinum silver goals on my front some shit
On my Koji Kondo shit, on my Koji Kondo
East Atlanta, South Chicago flows
Yeah we run this shit
Don't you even front bout it, don't you even front bout it
