

Welcome

Slipknot

Yeah! I am the product, of your conduct
The uncontrollable urges that made me
Have made us all. Are you proud? Do you even care?
You taught us all to lie - That's how we made it here
You should've buried the truth with your
secrets
But you were far too impressed with your pretence
Now as far as I know, I don't know anything
Cause you made damn sure, I wasn't anything
Distractions, reactions
The only way to go is to go away
Discarded, retarded
Before I let you go, you have to let me
Clawed away from human clay
We are the broken shards, the art disarray I
Before you condemn, you rape them
(Feed us by going on)
Stunt our growth from our souls to our throats - Cut
You shouldn't wall us up with your apathy
But you did - Now you're only growing enemies
This is the catalyst, the alpha, the first breed
Cause you made damn sure
Now we're everything
Distractions, reactions
The only way to go is to go away
Discarded, retarded
Before I let you go, you have to let me
Much to my surprise, I will wake up
And follow the path of the ones I am made of
But this time I won't give in
I will save you from my sins
(What is wrong with this Manipulation Violence Chaotic?)
Enscorced In all that's wrong
I slam you shut, I can only take so much
How many times do I have to mistreat you?
Constantly biting my hand as I feed you
Maybe now you'll understand severity
I'll sum it up with the best amount of brevity
Welcome to the transformation
Welcome to annihilation
Welcome to the man that wanted
Everything, but couldn't have it
Distractions, reactions
The only way to go is to go away
Discarded, retarded
Before I let you go, you have to let me
Much to my surprise, I will wake up
And follow the path of the ones I am made of
But this time I won't give in

I will save you from my sins
Save you from my sins
Save you from my sins
