

True North

Devin Townsend Project

I love you, I love you, I need you,
I've always been around you
I love you, I need you, I've always been around you
I love you, I need you, I've always been around you
I love you, I need you, I've always been around!
I love you, I need you, I want you
I've always been around you!
I love you, I need you
I've always been around you!
I love you, I need you
I've always been around you!
I love you, I need you
I've always been around you!
I love you, I need you
I've always been around you!
I love you, I need you
I've always been around you!
Hey there, what has come into your royal mind?
Sew the weight of commentate amour
We close the door!
(A little more a little more a little more a little more, a little more) Tell me: Where do we go
from here? (Tell me!)
Where do we go from here?
Where do we go from here? (Tell me!)
Where do we go from here? Believe in the word
(See the monochroma blue)
So the north is so strong and free! So we live again!
So the north is strong and free, so we live again! Let's tear it up! Everyone into forever,
everything a part of me
Dancing all into an ever, effervescent quality.
