

# Good Weekend

## Art Brut

I wanted to bend her and fold her  
So I lent over and I told her  
Got myself a brand new girlfriend  
Got myself a brand new girlfriend  
Phones ringing all weekend  
Got myself a brand new girlfriend We want to be lapsed catholics  
We've got the contraception  
But we haven't got the knack yet  
Got myself a brand new girlfriend  
Got myself a brand new girlfriend  
So many messages to send  
Got myself a brand new girlfriend So we went to the cinema  
We came home from the cinema  
We went through the front door  
Up the stairs  
Through her bedroom door  
Onto the bedroom floor  
I've seen her naked twice!  
I've seen her naked twice! Brand new girlfriend  
Brand new girlfriend  
Brand new girlfriend  
Got myself a brand new girlfriend  
So many messages to send  
Phones ringing all weekend  
Got myself a brand new girlfriend Got myself a brand new girlfriend  
And I think that I love her
