## Ledisi

This life can make me so confused  
But it's alright  
Living day by day I feel so used  
That ain't right I just wanna run and hide  
But I don't have the time to cry  
And it's alright  
It's alright, alright Many thoughts are runnin' through my head  
It's alright  
Wishing to be somewhere else but here  
And it's alright I can't wait to see your face  
I need a smile and your embrace  
I'm alright  
I'm alright, yeah  
Life can bring us through many changes  
It's alright  
Just don't give up, know that it's gonna be alright People come and they go  
It's just the way that it goes  
Everything is everything  
It's alright Sometime the rain, it makes me sad  
And it's alright  
Some things in the world they make me mad  
And it's alright In the mornin' when I see the sun  
I know I'm not the only one  
And it's alright  
It's alright, yeah Wish I had some money to pay my bills  
I can't even buy that dress on sale  
But it's alright  
Having money don't mean a thing  
Loving you is everything  
And I'm alright  
I'm alright, yeah Life can bring us through many changes  
It's alright  
Just don't give up, know that it's gonna be alright People come and they go  
It's just the way that it goes  
Everything is everything  
It's alright Everything is everything  
It's gonna be alright  
Everything is everything  
It's gonna be alright Life can bring us through many changes  
It's alright  
Just don't give up, know that it's gonna be alright People come and they go  
That's just the way that it goes

Everything is everything  
It's alrightLife can bring us through many changes  
It's alright  
Just don't give up, know that it's gonna be alrightPeople come and they go  
That's just the way that it goes  
Everything is everything  
It's alrightLife can bring us through many changes  
It's alright  
Just don't give up, know that it's gonna be alrightPeople come and they go  
That's just the way that it goes  
Everything is everything  
It's alrightIt's gonna be alright  
It's gonna be, gonna be alright  
Hold your head up high  
Don't you give up, no
