

Western Girls

Marty Stuart

Big hair, pink lips, eyes all painted up
Spray net and George Strait riding in her pickup truck
Midnight, highway, headed for the club Siam
Heartbeat hot spot, looking for a cowboy man
I'm a talking about Western girls, got me jumpin' up for joy
Western girls, makes me glad I'm a good ole boy
Western girls, the best I've ever seen
Western girls, every cowboy's dream
Jukebox, dance floor, angel in a cowboy hat
Dim lights, slow dance, how come they move like that
Well I've honky tonked all around the world
And every place I go
I've seen them cowboy girls doing the do-si-do
I'm a talking about Western girls, got me jumpin' up for joy
Western girls, makes me glad I'm a good ole boy
Western girls, the best I've ever seen
Western girls, every cowboy's dream
Western girls, got me jumpin' up for joy
Western girls, makes me glad I'm a good ole boy
Western girls, the best I've ever seen
Western girls, every cowboy's dream
