

# Music to My Eyes

## Lady Gaga & Bradley Cooper

You're music to my eyes  
I've had to listen just to find you  
I'd like for you to let me sing along  
Give you a rhythm you'd feel I wanna learn your every line  
I wanna fill your empty spaces  
I want to play the part to reach your arms  
Sing you a song that you feel, oh Love, let your music be mine  
Sing what I harmonize  
Let your melodies fly in my direction  
Take me to your paradise  
On a musical ride  
I'm in love with your music, baby  
You're music to my eyes  
Your voice is quite a view  
I heard a song and then I saw you  
I learned the lyrics and knew you were mine  
Dance the horizon with you I wanna sing you us a sunrise  
And be the doorknob that will move you  
I'd like to be the strings on your guitar  
Touch me and play what you feel  
Love, let your music be mine  
Sing what I harmonize  
Let your melodies fly in my direction  
Take me to your paradise  
On a musical ride  
I'm in love with your music, baby  
You're music to my eyes
