

# Heal Me

## Lady Gaga

Treat me like your patient  
Just don't keep me waiting  
Or I'll just be wasted  
In a crowd of the lonely  
I need you to inspire me  
When I can't inspire myself  
I need you to provide for me  
When I feel like someone else  
Lay me down, lay me down now  
Lay me down, touch my spirit, oh  
Lay me down, lay me down now  
Lay me down  
Heal me  
God knows nothing else is gonna, gonna heal me  
Oh, before it's too late  
Won't you steal me?  
Steal me all the way from myself  
Won't you heal me?  
Heal me, ah  
Heal me, ah  
Heal me, ah  
Douse me with your energy  
Leave your soul inside of me  
Cool me down and calm me  
Ring me, don't alarm me  
Lay me down, lay me down now  
Lay me down, touch my spirit, oh  
Lay me down, lay me down now  
Lay me down  
Heal me  
God knows nothing else is gonna, gonna heal me  
Oh, before it's too late  
Won't you steal me?  
Steal me all the way from myself  
Won't you heal me?  
Heal me, ah  
Heal me, ah  
Heal me, ah  
I wanna be more, or equal, not less  
I wanna be happy with someone  
I wanna feel blessed  
I wanna be more, or equal, not less  
I wanna be happy with someone  
I wanna feel blessed (Hahaha)  
Heal me  
God knows nothing else is gonna, gonna heal me  
Oh, before it's too late

Won't you steal me?  
Steal me all the way from myself  
Won't you heal me?  
Heal me, ah  
Heal me, ah  
Heal me, ah
