

# Pull Up

## Burna Boy

Yeah  
Twenty four seven girl, you dey for my brain  
And I know you want me to go down on my knees  
Heard you can't eat (ah) I heard you no feel  
sleep (oh), sleep  
And I want you to know that girl it's not that deep  
So what's up? You alright? (oh)  
I pull up, I'm outside  
What's up? You alright?  
Pull up, girl I'm outside  
A million ways I swear I prove you wrong, you wrong  
'Cause I love you for life, you no go understand  
No small thing if I burst out millions for you  
Girl I no even mind, I no go think am twice  
So what's up? You alright?  
I pull up, I'm outside  
What's up? You alright?  
Pull up, girl I'm outside (what)  
Twenty four seven you've been sitting on my mind  
Baby you I think about like all day (mm)  
Never did I think that I'd be standing here today  
Cause I came a long way from callin' (mm)  
Lovin' the vibe, it's between me and you  
Baby don't go telling nobody (nobody)  
My girl you're shining just like my brace  
Baby welcome to this side  
Twenty four seven you've been sitting on my mind  
Baby you I think about like all day  
Never did I think that I'd be standing here today  
Cause I came a long way from callin'  
Lovin' the vibe, it's between me and you  
Baby don't go telling nobody (nobody)  
My girl you're shining just like my brace  
Baby welcome to this side  
So what's up? (What's up) You alright? ('S up?)  
I pull up, (I pull up) I'm outside (outside)  
What's up? (What's up?) You alright? (Alright)  
Pull up (Pull up) girl I'm outside (Wah!)  
African giant  
This is year 2000 and yes, hey (yes, hey)  
Wa kpa mi na (hey)  
Burna wa kpa mi na (hey)  
Burna wa kpa mi na (hey)  
Burna wa kpa mi na (hey)
