

# Tell Me (feat. Frankie J & Ken-Y) [Remix]

## Pitbull

Just yesterday you said you loved me  
That there was nobody else above me  
That I was yours and you were mine  
That there was no limits to our skies But then you had to put our love on hold  
When it came to making love it wasn't you anymore  
Now you're telling me to leave, I gotta walk out the door  
Can't you see that this is killing me, it's hurting my soul, oh baby How am I supposed to leave  
you  
When my heart tells me to keep you  
How can you ask me to let you go  
No, I just can't let you go, no, I just can't let you go Can't you see I'm slowly dying  
But I'm gonna keep on trying  
Please don't ask of me to let you go  
Let me start by telling you I love you with all my heart  
But I can't understand the reason  
When you tell me you're leavin'  
Girl, me and you were supposed to be forever and ever Now instead of being in love  
It's like we're used to each other, how can we do this to each other  
We used to ride for each other  
Die for each other, cry for each other Now it's like all we wanna do is say bye to each other  
I can't let this happen, I refuse to lose you  
I love you baby, it's the truth as usual  
I wanna make you happy Girl, it ain't hard to see you mean the world to me  
We done been though it all  
Thick and thin, right or wrong  
I can't let you go 'cause this love too strong  
How am I supposed to leave you  
When my heart tells me to keep you  
How can you ask me to let you go  
No, I just can't let you go, no, I just can't let you go Can't you see I'm slowly dying  
But I'm gonna keep on trying  
Please don't ask of me to let you go Look baby just tell me what you want  
Look baby just tell me what you need  
Look baby I know I'm far from perfect  
The game and the money they can take 'cause it's worthless I know it's hard to deal with my life  
I know it's hard to deal with all the gossip  
I'd a seen him wit this one, I'd a seen him wit that one  
But everything they say is monotonous Can't you hear it in my voice  
Mama you're my heart, my soul, my love  
And I swear to you baby  
I just want to give you my heart, my soul, my love I know we can work this out  
I know we can, baby let's try

But the one thing I won't do  
Is let this love die How am I supposed to leave you  
When my heart tells me to keep you  
How can you ask me to let you go  
No, I just can't let you go, no, I just can't let you go Can't you see I'm slowly dying  
But I'm gonna keep on trying  
Please don't ask of me to let you go Believe me, yes, I've tried to let you go  
And the only thing I get from it is all this crying  
Tell me how am I supposed to let you go  
No, no, no How am I supposed to leave you  
When my heart tells me to keep you  
How can you ask me to let you go  
No, I just can't let you go, no, I just can't let you go Can't you see I'm slowly dying  
But I'm gonna keep on trying  
Please don't ask of me to let you go  
No, I just can't let you go, no, I just can't let you go Tell me to keep you  
Keep on trying  
I'm slowly dying  
I'ma keep on trying  
Don't wanna let you go  
Hey yeah oh yeah woah
