

# Move On

## Walter Trout

Things that used to get me before  
Don't bother me no more  
Now I think that I can see  
Who I am and who I wanna be  
So many days of livin' in fear  
Clinging to what I hold dear  
I say: Oh-oh-oh-oh - Move on  
I got to move on  
Trying to run away from the past  
Seems I couldn't run that fast  
Cause right behind me I can see  
It's tryin' to catch up to me  
I know my spirit can be free  
But only if I want it to be  
I say: Oh-oh-oh-oh - Move on  
I got to move on  
I've been to hell and back  
I don't recommend it Jack  
It was more than I could take  
I thought that I was gonna break  
But now everything has changed  
Priorities are re-arranged  
I say: Oh-oh-oh-oh - Move on  
I got to move on
