

My Own Thang (feat. Jussie Smollett & Brez)

[Empire Cast](#)

Said I gotta do, gotta do my own thang
 I do my own thang, do my own thang
 I gotta do my own thang, do my own thang
 Yeah
 Can't nobody tell me, can't nobody
 Tell me what to do, tell me what to do, can't nobody uh
 Everything that I do is me
 What you mean we gon' keep it 100? New strings to the struggling, making something outta
 nothing, yeah
 Uh, from nothing to something, I do it, I want it, I get it, so I'm getting to it
 Doing my own thang, I came this far, it's all me doing what I do
 I gotta do my own thang, I gotta do it my way
 Doing my own thang, tripping on nobody, making my moves
 I gotta do my own thang, yeah I gotta do it my way
 I ain't heard what they been saying, I'm too busy doing my own thing
 In your mouth keeping money, don't even care what my own thinks
 Can't nobody understand it cause I got it in my family
 But it was never handed to me, I work hard to be what you see New strings to the struggling,
 making something outta nothing, yeah
 Uh, from nothing to something, I do it, I want it, I get it, so I'm getting to it
 Doing my own thang, I came this far, it's all me doing what I do
 I gotta do my own thang, I gotta do it my way
 Doing my own thang, tripping on nobody, making my moves
 I gotta do my own thang, yeah I gotta do it my way Yeah, it's been a long time, no flexing, it's
 been a long grind
 I made it through all of these hard times
 Go harder so yeah I'm gon' shine
 And every time you see me, Freida on the front line
 Didn't make it here making apologies
 Hate it or love it, do me
 No matter what they say
 I made it and I did it my way, did it my way
 New strings to the struggling, making something outta nothing, yeah
 Uh, from nothing to something, I do it, I want it, I get it, so I'm getting to it
 Doing my own thang, I came this far, it's all me doing what I do
 I gotta do my own thang, I gotta do it my way
 Doing my own thang, tripping on nobody, making my moves
 I gotta do my own thang, yeah I gotta do it my way
 Doing my own thang, tripping on nobody, making my moves
 I gotta do my own thang, yeah I gotta do it my way
 Making my own moves
 I gotta do my own thang, yeah I gotta do it my way
