

To the Metal

Gamma Ray

[Hansen]Coming from the streets
Fists up in the air
Generating heat
They come from everywhereHailFists are made of iron
Bodies made of steel
Dancing on a razor
Metal is the deal
HailWe came to feel the thunder
The lightning and the heat
We came to hail the metal gods
Banging to the beat
Singin'
Hail to the Metal, hail
Singin' Hail Heavy Metal, hailThe power in the music
Arising in us all
We're never gonna lose it
We're proud and standing tall
Hail
I said, hailIf you just cannot feel it
You'll never understand
There's nothing's gonna beat it
Metal rules the land
HailWe came to feel the thunder
The lightning and the heat
We came to hail the metal gods
Banging to the beat
Singin'
Hail to the Metal, hail
Singin Hail Heavy Metal, hail
HailHail Heavy Metal, hail
Hail Heavy Metal, hail
Hail Heavy Metal, hailHailHail to the Metal
Heavy Metal
Hail
Hail to the Metal
Heavy Metal
All Hail
Hail to the Metal
Heavy Metal
All Hail
Hail to the Metal
Heavy Metal

All Hail
Hail to the Metal
Heavy Metal
All Hail
