

# We Right Here

DMX

Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right hereOne mo' time  
I gots to hit the streets off, make the streets talk  
Let 'em know it ain't a sweet walk  
This gon' be  
The only joint made this year that'll knock 'til 2003  
And y'all gon' see  
That the hottest n out there, was, is, and will be me  
Just like that  
I can go away for a minute, do some other s, but bounce right back  
And when it's on  
I'm comin' strapped, with some s that'll spit from dusk 'til dawn  
And when you gone  
Ain't no comin' back in the morning, like that s was a dream  
N you gone  
That's for real  
Creep ns like a seal, totin' steel, stick a n make him squeal  
Oh, my God  
Those can't be the last words of ya man, damn ya man was so hardCome on  
Bring it! What?  
We right here  
We're not goin' anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew 'cuz we don't care  
We right here  
Here we go again  
How many million did my last one sell? F it, I'm goin' for ten  
This never gon' stop, and every fn' time I hit you  
It's goin' straight to the top of the charts  
The champion  
I'm a thoroughbred, my blood is strong, and I scratch 'til you done  
Cross the lineAnd ain't no more scratches after that, straight up, n is dyin'  
Yo, what the f  
Is you cats doin' runnin' around like this?

Like you won't get stuck, yo, that's my word  
 I stay givin' it to n and I stay not really being heard  
 But, y'all gone see  
 That the same things thou did to them, will be done to thee  
 And then you'll know That sometimes though you come thru' the front  
 You leavin' out the backdo', come on  
 Bring it! What?  
 We right here  
 We're not goin' anywhere  
 We right here  
 This is ours and we don't share  
 We right here Bring your crew 'cuz we don't care  
 We right here  
 Bring the noise  
 And you better come with n you don't give a f about  
 'Cuz you gone lose your boys  
 'Cuz we don't play  
 And the silencer will silence any c with somethin' to say  
 Dog for life  
 Whether I'm on or off the leash I bite, streets are my life Click, click, boom  
 Another life taken too soon, another mother had a funeral  
 Still waters run deep  
 And the pain is forever alive inside, makes it hard to sleep  
 But I keep goin', goin'  
 S I'm always careful when I walk, I'm always seein', knowin'  
 The dog gone live  
 Stay walkin' the wire, over the fire, when I can I give The dog is good  
 And how it's stayin' dog gone f with the hood  
 The dog f with the wood  
 Bring it! What?  
 We right here  
 We're not goin' anywhere  
 We right here  
 This is ours and we don't share We right here  
 Bring your crew 'cuz we don't care  
 We right here  
 Bring it! What?  
 We right here  
 We're not goin' anywhere  
 We right here  
 This is ours and we don't share  
 We right here  
 Bring your crew 'cuz we don't care  
 We right here
