

Somedays

Lil West

[Intro]

D-D-Daytrip took it to 10 (Hey)[Chorus]

I know that I'm way too hard to handle

But it ain't nobody that can help you

Somedays I can love you and then hate you

But I'm the only one that understands you

I know that I'm way too hard to handle

But it ain't nobody that can help you

Somedays I can love you and then hate you

But I'm the only one that understands you

[Verse 1]

How you feel about me cryin'?

How you feel about me lyin'?

I know everything is my fault

I'm the one that's takin' the fall

Somedays I just don't wanna talk

Somedays I just want all your love

Somedays I don't answer no calls

I know all these days you was lost[Refrain]

Some of these days, they get rough

Some of these days, they're too tough

I'm here today, tomorrow I'm not

You're mad at me, I know it's my fault

[Chorus]

I know that I'm way too hard to handle

But it ain't nobody that can help you

Somedays I can love you and then hate you

But I'm the only one that understands you

I know that I'm way too hard to handle

But it ain't nobody that can help you

Somedays I can love you and then hate you

But I'm the only one that understands you[Verse 2]

When I'm afraid, I talk a lot

You're not the same, you're acting out

And it's a shame, I let you down

Switch up my ways, I want you now

Them be the things I'm talkin' 'bout

Tell me your way when I'm not around

That be the way we work it out

That be the way we make it stop[Refrain]

Some of these days, they get rough

Some of these days, they're too tough

I'm here today, tomorrow I'm not
You're mad at me, I know it's my fault[Chorus]
I know that I'm way too hard to handle
But it ain't nobody that can help you
Somedays I can love you and then hate you
But I'm the only one that understands you
I know that I'm way too hard to handle
But it ain't nobody that can help you
Somedays I can love you and then hate you
But I'm the only one that understands you[Outro]
