

# Lost In Germany

## King's X

Moving in a bus - too close for comfort.  
Listening to all the gibberish around me.  
Wonder, how much longer can I stand it?  
Looking for a phone I cannot find.  
Ohh woe is me. Like a politician in disguise,  
you know I had to look you in the eyes and  
smile, while I crawled another mile in  
Germany. Lost in GermanySwimming in an ocean of your feelings.  
Counting every moment, go one by one.  
Laughing to keep from crying out in anger.  
Praying that I can make it through this night.  
Ohh woe is me. It was like a never ending week,  
but I learned to turn the other cheek and  
smile, while I ran for one more mile in  
Germany. Lost in Germany  
Germany. Lost in Germany  
Shooting at a target that eludes me.  
Hammering on a nail that just won't go in.  
Biting on a tongue that wants to speak out.  
Searching for a light that I can shine.  
Oh woe is me. But now I have crossed that  
borderline, and I wonder if I'll ever find  
your hand, 'cause I did not understand in  
Germany. Lost in Germany.  
Germany. Lost in Germany.
