

# Why Would You Stay

## Kem

There's a light shining on you.  
And baby I'm trembling inside.  
Loved a woman that I barely knew  
I must've been outta mind.Ohhh I  
I ll never hurt you again  
Girl I  
I know you deserve a better man  
Hey I  
I was a fool to ever let you down  
So why would you stay?  
Woman I beg your forgiveness  
And I'll do whatever it takes  
And may the Lord be my witness  
Honey I never meant to treat you this way  
Sugar your heart has been broken  
But I could still see true love shine in your eyes  
When every word has been spoken  
Woman I'll love you for the rest of my lifeOhhh I  
I ll never hurt you again  
Girl I  
I know you deserve a better man  
Hey I  
I was a fool to ever let you down  
So why would you stay?  
Oh baby  
Don't know why, why you would stay  
Baby  
Baby  
You're my baby  
Hey girlYeahhhh I  
I ll never hurt you again  
Girl I  
I know you deserve a better man  
Girl IIIIIIIIIII  
I was a fool to ever let you down  
But I want you to staaaaay  
Girl I  
I'll never hurt you again  
Baby  
I know you deserve a better man  
Girl I  
Girl I

I was a fool to ever let you down  
But I want yooooou... to stay.
