

# Request

## Teyana Taylor

Breathe in, relax  
Boy set your mind for what's coming next  
Tell me secrets  
So I can perform  
Would you like boy  
What's your request?  
Request Whisper what you wanna get it  
Can I hold it back, let's get offended  
Request, I'll say  
Suggest  
Boy your wish is my command  
Say a word and I will do it  
Call me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your lover Call me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your lover Lights on, lights off  
Any time of day or night I'm on call  
Public, private  
However you want it I'm in place to make it like that  
Tell me what you wanna get it  
You ain't gotta worry it's a secret  
Request, ruquest  
Boy your wish is my command  
Say a word and I will do it Call me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your lover Call me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your lover Want me on your porch in nothing but a trench coat  
And maybe you wanna see me, yeah you're off this after school

Boy let's wait, you can get it how you want it  
Tell me and I'm on it  
Cause I want it as bad as you  
Let me make your wish come true, trueCall me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your loverCall me  
I can be anything you need me to be  
Just requested it  
Boy I'm your hot love  
You personal 1-900 number  
Anything you want I'm your lover
