

# For You

James Otto

You could call me anytime and I'd come running  
I'd go to hell and back to rescue you  
I'd give up my soul and everything I own  
If that's what you want, I'd do that for you  
Chorus:  
Oh but now you're asking too much  
You want me to find somebody new  
Oh I never thought I'd say this  
But girl, congratulations  
You found the one thing I can't do for you  
Ask me for forgiveness, girl you've got it  
If you don't love me what else can I do  
If this really is the end you won't see my face again  
If that's what you want, I'd do that for you  
Chorus You'll have to think of something else  
'Cause there's no way to turn it off  
I'm sorry girl, I can't fall out of love  
Oh I never thought I'd say this  
But girl, congratulations  
You found the one thing I can't do for you  
You found the one thing I can't do for you
