

# Phoenix

## Brooke White

Early Morning Waking up my blinds are shut  
The light is shining through  
Fills up my room Living on the Radio,  
Making mixtapes in the backyard by the pool  
Thought we were so cool Now I'm getting older still my memory holds on to you  
Oh, let the light shine down on Phoenix when it Rains,  
Cause I can't leave here knowing all of my favorite things have changed  
Oh, let the light shine down on Phoenix when it rains  
Cause when the sun is shining you know it feels like home Driving through the Superstition  
mountains  
Listening to our favorite tunes  
On Sunday afternoon Mom yells out in the street it's time to eat,  
It's time to come on home,  
The sun is sinkin' low, Now I'm getting older still my memory holds on to you  
Oh, let the light shine down on Phoenix when it Rains,  
Cause I can't leave here knowing all of my favorite things have changed Oh, let the light shine  
down on Phoenix when it rains  
Cause when the sun is shining you know it feels like home I've been living far away and I've  
come home on a Rainy day  
No it's not the same but I'll take it anyway!  
Oh, let the light shine down on Phoenix when it Rains,  
Cause I can't leave here knowing all of my favorite things have changed Oh, let the light shine  
down on Phoenix when it rains  
Cause when the sun is shining you know it feels like home
