

Do or Die

Forever the Sickest Kids

Hey doll, I've been doing some thinking.
I lost all, of my senses and feelings.
I'm sorry, if I led you on last night,
But tonight...I realize, I was just caught in the moment
When your eyes, met mine-
My world came crashing down.You and I, we do the worst things;
Do or die, we both break hearts.
You and I, we both found a girl, someone you love,
So I better let her go.
(Oh! x8)We used, to play with girls' emotions.
But she got, she got the best of us both and a
Trainwreck, accidental collision;
We're burning up.I'm so sorry, I didn't mean to break, your heart-
My world came crashing down.You and I, we do the worst things;
Do or die, we both break hearts.
You and I, we both found a girl, someone you love,
So I better let her go.
You and I, we do the worst things;
Do or die, we both break hearts.
You and I, we both found a girl, someone you love,
So I better let her go.
You won't stop givin' your love.
(You won't stop givin' your love.)
You won't stop giving love away.
You won't stop giving your love.
(You won't stop giving your love.)
You won't stop giving your love away.
You won't stop giving your love.
(You won't stop giving your love.)
You won't stop giving your love away.
You won't stop giving your love.
(You won't stop giving your love.)
You won't stop giving your love away.(You and I... You and I... You and I...)
You and I, we do the worst things;
Do or die, we both break hearts.
You and I, we both found a girl, someone you love,
So I better let her go.
(You won't stop giving your love.)
(You won't stop giving your love away.) Yeah! Yeah! Yeah!
(You won't stop giving your love.)
(You won't stop giving your love away.) So I better let her go!
(You won't stop giving your love.) (Oh! x6)

(You won't stop giving your love away.)
I better let her go, I better let her go.
Oh, oh, oh.
