

# Moonlight

## Rebelution

We've been lost out here for days.  
Don't worry, we'll be fine if we just wait  
Let's try to relate.  
In our own worlds we'll be ok, oh yeah. The clock ticks faster on these days yeah  
And ticking tocks the way, can love thrash hate  
Lets try to relate  
In a bright world we'll be ok, whoa yeah We'll be under the moonlight  
Dancing away like  
Two silhouettes in the sand what a sight can you see  
Can you see me  
Or is this a dream  
Whoa yeah.
