

I Love

Joyner Lucas

[Chorus]

Get away from me

If I was you, I would watch what you say to me

Snakes all in my bed, wanna lay with me

This ain't a motherfuckin' game, why you play with me?

Don't play with me, this is the only thing

I love, I love, love, love, love

I love, I love, love, love, love

I love, I love, love, love, love

I love

Don't play with me, this is the only thing

I love, I love, love, love, love

I love, I love, love, love, love

I love, I love, love, love, love

I love

[Verse 1]

Look, I love it when they count me out, I'm a soldier (I'm a soldier)

Love when they think I ain't cool 'cause I'm sober ('Cause I'm sober)

You used to love when we was down, we was closer (Yeah)

But I stopped lovin' ever since I got fucked over

Ho, don't call me, I don't know ya

You gotta keep that same energy (Energy)

I'm not no regular entity (Woo)

I'm not your friend, I'm your enemy (Enemy)

I don't know what's gotten into me

Lately, I'm just a feeling finicky

Lately, I just want the cake and the greatest amenities

Lately, I ain't got no sympathy

Aim at the industry

This ain't the way that they pictured me

What's your identity?

I guess I'm lining them up

I keep my nine in the trunk (Bang)

All of y'all niggas gon' bleed (Bleed)

Guess it's that time of the month

I done came up from the mud

They said I'd never be none

They said I'd never be rich

They said I'd never be anything

I told them get off my dick (Woo)

[Chorus]

Get away from me

If I was you, I would watch what you say to me
Snakes all in my bed, wanna lay with me
This ain't a motherfuckin' game, why you play with me?
Don't play with me, this is the only thing
I love, I love, love, love, love
I love, I love, love, love, love
I love, I love, love, love, love
I love
Don't play with me, this is the only thing
I love, I love, love, love, love
I love, I love, love, love, love
I love, I love, love, love, love
I love[Verse 2]

Yo, I love things they say I couldn't eat when I fell (Yeah)
On the streets with no help (Word)
Money ain't everything (Woo)
Nigga, speak for yourself (Ayy)
Pawn shops every week (Week)
Scraping change, pay the bills (Yeah)
Raining days, couldn't sleep (Word)
Now I sleep with my grills (Joyner)
I wanted to be like Hov (Woo)
I'm livin' la vida loc
Niggas wanna ride my wave (Woo)
You ain't never seen my boat (Splash)
Hit 'em with the Eastside smoke
I'ma kill everyone, I'm a G.I. Joe
Hiding my weapons all in my Levi's coat
If a nigga was pimpin', you'd probably be my ho (Woo)
I need some different opponents
I think I live in the moment (Yeah)
I fuck my bitch in the morning (Joyner)
I take that shit when I want it (True)
All you new niggas be frontin'
You just be lyin', I keep it 300
Came up from nothin'
I say what I want
And no, ain't no discussion
I aim and I bust[Chorus]
Get away from me

If I was you, I would watch what you say to me
Snakes all in my bed, wanna lay with me
This ain't a motherfuckin' game, why you play with me?
Don't play with me, this is the only thing
I love, I love, love, love, love
I love, I love, love, love, love
I love, I love, love, love, love
I love
Don't play with me, this is the only thing

I love, I love, love, love, love
I love, I love, love, love, love
I love, I love, love, love, love
I love
