

# California Lovers (feat. LL Cool J)

Tori Kelly

California lovers

Tori Kelly

LL Cool J Dancing in the sand at the bonfire

We jamming out to Marley at night, uh

Staying up to watch every sunrise

Just living like we ain't gonna die, uh

Everybody said I was crazy

Yeah, everybody said you'd be gone, uh-uh

I know that I'm supposed to forget you

And boy, you know I moved on, but Every time I'm driving with the top down, baby

I remember sneaking out in your car (oh-oh, oh-oh, oh-oh)

Jumped into the ocean while the sun kissed on me

Was a sucker for them boys with a wild heart

I'll be cool with it, done with it

You're never on my mind

Til I feel the heat of you and me, it hits me every summer

Remember when no one else could make me feel alive?

We were young and free, 17, just California lovers

Mmm, yeah Teaching me to skate down the boardwalk

I'm crashing into you like a wave, uh

Even if it was only small talk

You always knew the right thing to say, uh

Maybe I was just being stupid

For thinking that my first love would last, uh-uh

Even though it ended in heartache

Sometimes I wanna go back Every time I'm driving with the top down, baby

I remember sneaking out in your car (oh-oh, oh-oh, oh-oh)

Jumped into the ocean while the sun kissed on me

Was a sucker for them boys with wild hearts

I'll be cool with it, done with it

You're never on my mind

Til I feel the heat of you and me, it hits me every summer

Remember when no one else could make me feel alive? (yeah)

We were young and free (young and free), 17 (17), just California lovers Reminisce in', what a vision

Lips kissing, seats christened

Bob Marley twisting, top down, Pacific Highway

Black Sinatra remix, I did it my way

Your legs deserve they own day of the week, Th-Th-Thighday

Mark your calendars, the love champ's back

I make your memories challenger, Venice in the gondola

You can have a sip of whatever you want, a bottle of

Life's a sportscar, baby, you gotta throttle 'er  
We just trippin', cord flippin', [?] pickin'  
Clock tickin', we still kickin' it all weekend  
I was your Legend, you was my Chrissy Teigen - glory!  
You're the reason that summer's my favorite season I'll be cool with it, done with it  
You're never on my mind  
Til I feel the heat of you and me; it hits me every summer  
Remember when (yeah) no one else (no one else) could make me feel alive?  
We were young and free, 17 (17), just California lovers  
Cool with it, done with it  
You're never on my mind  
Til I feel the heat of you and me; it hits me every summer  
Remember when no one else could make me feel alive?  
We were young and free, 17, just California lovers (Lovers) Yeah  
(Make me feel alive, make me feel alive, make me feel alive) California lovers
