

# When Everyday's the Weekend

## Asking Alexandria

Another Sunset  
What a way to start another messy night  
Another drink  
Another bar  
Another girl inside my arms  
I can't see straight anymore  
Just got kicked out the fucking door  
It's all easy  
It's all easy  
That's how we fucking ROLL  
Tonight's our night like every night before  
Until we fall  
Until we fall  
We'll drink you under  
The fucking table  
Rack 'em up  
Put 'em down  
Rack 'em up  
Put 'em down  
I like to party  
You like to party  
We like to party  
All night long  
I like to party  
You like to party  
We like to party  
All fucking year
